

UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON  
AT SEATTLE

ELIZABETH DE COSTER *et al.*, on behalf  
of themselves and all others similarly situated,

Plaintiffs,

v.

AMAZON.COM, INC., a Delaware  
corporation,

Defendant.

CASE NO. 2:21-cv-00693-JHC

ORDER

DEBORAH FRAME-WILSON, *et al.*, on  
behalf of themselves and all others similarly  
situated,

Plaintiffs,

v.

AMAZON.COM, INC., a Delaware  
corporation,

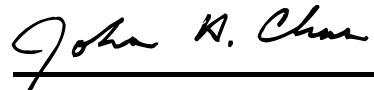

Defendant.

CASE NO. 2:20-cv-00424-JHC

1 This matter comes before the Court on Amazon.com, Inc.'s Motion Requesting an  
2 Evidentiary Hearing on Class Certification. Case No. 21-693, Dkt. # 382; Case No. 20-424, Dkt.  
3 # 353. The Court has considered the materials filed in support of and in opposition to the  
4 motion, the rest of the file, and the governing law. Being fully advised, the Court DENIES the  
5 motion.

6 The record before the Court is extensive. The parties have ably and fully briefed the  
7 issues. The submissions include more than 100 pages of briefing, more than 100 exhibits, and  
8 more than 1,000 pages of expert reports. *See generally* Case No. 21-693 Dkt. The Court does  
9 not believe that the type of hearing Amazon requests is necessary with respect to the class  
10 certification issues presented. *See Tait v. BSH Home Appliances Corp.*, 289 F.R.D. 466, 492  
11 (C.D. Cal. 2012) (noting that “[a]n evidentiary hearing on class certification is not required” but  
12 courts “should assess all relevant evidence” in determining whether each of the Rule 23  
13 requirements have been met) (citing *Bouman v. Block*, 940 F.2d 1211, 1232 (9th Cir. 1990)).

14 Dated this 30th day of July, 2025.
